COUNTY OFFICIAL PAPER.

Saturday, August 1, 1908.

D. E. O'KEEFE, Editor and Proprietor

Gompers, the demagogue and foreigner, will have a swell time telling the American laboring men and American mechanics how or for whom they shall vote next November. They are an intelligent class of citizens who know the party that has been their friend. The majority of them will cast their ballots for W. H. Taft, the champion of Republican principles that have made the nation great and given the American workingman a chance to earn a living at good wages.

County politics are assuming some shape and candidates are beginning to make their announcements.

It looks now as though the delegates to the Fifth Congressional Convention from this county will be a unit for E. A. Hayes. Many names are being mentioned in the district as opponents of Mr. Hayes, but before the convention meets all opposition will have disappeared before the popularity of the present Congressman.

A. M. Robertson of this city is spoken of as the man who will be the Democratic standard bearer for Congress in this district.

San Mateo will have the naming of the joint Senator this year. Rambo of Santa Cruz, was elected on the Republican ticket four years ago. Hall C. Ross has the lead thus far for the nomination. H. W. Brown, who it is thought will make good senatorial timber has not as yet announced his candidacy. Mr. Ross, having come out early in the campaign has gained prestige by so doing and has considerable advantage over any opponent that may here after come into the contest.

It is believed the Democratic nominee will also be from this county this year in view of the fact that Mr. White of Watsonville was the standard bearer four years ago. Democrats in this county who are looking for a candidate are suggesting the name of Archer Kincaid of Redwood City. He is believed to be the best available candidate in the county.

Thus far H. E. Holmquist is the only one mentioned for the Republican nominee for Assemblyman. Like Mr. Ross he came into the political arena early in the campaign and has that advantage to his credit.

F. H. Thorpe is spoken of as the possible Democratic candidate for the Assembly.

These are the only legislative candidates mentioned at present. Others may appear as the campaign lengthens.

There are three supervisors to be elected this year. One in the First Township, one in the Third and one in the Fourth.

Elkerenkotter is quite certain of the nomination and election in the First. John MacBain will be the Republican nominee in the Third and his chances of re-election are excellent. He has made a good record and hopes by such record to be returned to the board. No one has yet come forward to accept the Democratic nomination in this district. It is said the Good Government League will put a candidate in the field, but no names are yet spoken of.

Debenedetti will not be a candidate for re-election in the Fourth. J. M. Francis in all likelihood will be the Democratic nominee while John Pitcher Jr., will be the Republican standard bearer. Politics will be quite lively in the county and a spirited campaign is promised

New Citizens

The following aliens were admitted to citizenship in the superior court Thursday after passing a rigid examination by assistant U. S. District Attorney White:

Edward Wartina, Thomas Tulte, A. V. Dutra, Casper Kummin, Manuel S. Empena. Ten others failed to pass muster. Th next term of the court to hear applications will be in September.

Marriage Licenses Issued

The following marriage licenses were issued from the county clerk's office during the week:—

Ernest F. Pontin, aged 28 and S. A. Pharaoh, aged 33, both of San Mateo.

John W. Fuller, aged 21 and Anna V. Maddin, aged 18, both of San Francisco

Serafino Del Carlo, aged 22 and Katie Del Carlo, aged 19, both of San Francisco.

George Frederich East, aged 28 and Lilan Meek, aged 28, both of San Bruno.

Redwood City Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Redwood City citizen:

Samuel Hall, living at 507 Stambaugh st., Redwood City, Cal., says: "I was troubled more or less for three or four years from a disordered condition of the kidneys. I did not suffer from backache, but an annoying symptom of a disordered condition of the kidney secretions, and I was forced to arise many times during the night on account of their too frequent action. Doan's Kidney Pills were brought to my attention, and deciding to give them a trial, I procured a box at P. A. Ryan's Drug Store. I used them according to directions and the kidney secretions became normal and regular and the weakness disappeared. I heartily recommend Doan's Kidney Pills."

Lavigne at the Alhambra Tonight

A great singer from a great family of singers is Monsieur N. J. Lavigne who appears with his concert company at the Alhambra to-night.

His uncle is the celebrated Pol Plancon, the great French baritone whose singing in this country has never been excelled. Lavigne's voice resembles his uncle's in timbre, and vigor and his training has been of the best; though, like all great singers, his voice is a pure gift of nature: art has merely served to refine and beautify it.

At the outset of his American tour in Los Angeles Monsieur Lavigne had for one of his auditors a white-haired, big-chested stranger who, after the concert was over, appproached him and said: "Young man, you are the first artist I have ever heard sing Schubert's 'Erl King' to suit me. You are the first to sing it as David Bispham does."

"Thank you," replied Lavigne, pleased, naturally, at the high praise. "May I ask to whom I am indebted for the compliment?"

"Certainly," replied the stranger. "I am David Bispham."

The compliment was earned, indeed. Bispham does not squander praise any more than Rockefeller scatters quarters; but Lavigne, not unmindful of the praise, replied: "You are kind, indeed. May I tell you that you have just complimented a nephew of Pol Plancon."

Capital Stock Increased

The San Mateo Hotel Company has filed in the recorders office a certificate of increase of capital stock. The capial stock is increased from $300,000 to $600,000 and is divided into 6000 shares at a par value of $100 each.

SUPERVISORS HOLD SESSION

Rainey & Phillips Bid Finally Rejected

The board of supervisors held an adjourned session last Tuesday to award the contract for the stone work of the new court house. All members were present.

The bids of Rainey and Phillips for $23950 and the Colusa Sand Stone Co. were considered . In response to a question put by Debenedetti Mr. Rainey said he would complete the work in 104 working days, but would give no bond for a time limit unless the board fixed the amount.

Mr. Bradburry, representing the Colusa Sand Stone Co., said he would agree to do the work in 75 working days and give a bond to do the work in that time. The board not desiring to take a vote adjourned until 1 o'clock on motion of MacBain seconded by Blackburn.

At 1 o'clock the board reassembled. All members answered roll call. Rainey & Phillips and the Colusa Sand Stone Co. both reiterated their agreements made during the morning session. MacBain said he favored the lowest bidder and urged the board to award the contract to Rainey & Phillips. Debenedetti thought the saving of time was worth considering. He moved that the bid of Rainey and Phillips be rejected and the motion was seconded by Blackburn. On roll call the vote was as follows. Ayes, Debenedetti and Blackburn, No, MacBain and Coleman. Eikerenkotter refused to vote, explaining that he desired the legal phase of the question explained in open board by the District Attorney.

Debenedetti and Blackburn explained their votes by saying they desired to have the courthouse completed as soon as possible and would not stand for further delays. MacBain strongly favored the lowest bidder saying that he would not vote away $2500 of the peoples money. Coleman desired a thorough explanation of the legal phase of the question. At this point an adjournment was taken until 4 o'clock when the District Attorney would be present, he was then engaged in a criminal trial in the superior court and could not be present until 4 o'clock.

The board reconvened at 4 o'clock. The District Attorney was present and he said that a bond given by the contractor for the completion of a work within a certain time was valid and good if the security is. But besides this if a contractor gives such a bond is interfered with by anyone in such a way to prevent him from carrying out the contract, he has no recourse, but must forfeit his bond.

MacBain declared that might be law but not justice.

Debenedetti renewed his motion to reject Rainey & Phillips bid and same was seconded by Blackburn. On roll call the vote was as follows. Ayes Coleman, Debenedetti, Blackburn and Eikerenkotter. No MacBain Debenedetti moved that the Colusa Sand Stone Company be awarded the contract for $$31450 and they to give a time limit bond and a bond for the completion of the work according to contract. The motion was seconded by Blackburn. The vote on the motion was as follows Ayes, Debenedetti, Coleman, Blackburn and Eikerenkotter. No MacBain.

Mr. Rainey entered a protestt and intimated that he would commence a suit against the board.

DOINGS IN THE SUPERIOR COURT

Murder Charge Is Not Proven

The jury in the case of the People vs. Todor Kiprof returned a verdict of not guilty yesterday afternoon. The evidence offered in the case went largely tto establish the defendants plea of selfdefense and that he shot his agressor when his life was inimenent danger and that the homicide was therefore justifiable. The killing was practically admitted. That dangerous character of the dead man was proved beyond doubt while the good reputation of Kiprof was proved by his foreman and other people who knew him. Itwas also shown that the deceased with another friend from St. Louis induced the defendant to part with all his money for the purpose of launching ino the baking business. When the time of settlement came all the partners met and talked over the matter, but without any definite understanding. When Kiprof said he was going to close the bakery angry words arose and deceased drew a knife and approached defendant when the latter drew his gun and fired the fatal shot. The jury was out an hour and thirty minutes. J. J. Bullock prosecuted the case and Jas. T. O'Keefe defended Kiprof.

Johanna Islass, the San Mateo waitress who murdered her infant son on June 6th, was acquitted by a jury in the superior court Thursday, there not being sufficient evidence to convict. A few hours after the birth of the child it is alleged that she strangled it and afterwards threw in intothe bay at San Mateo Beach. J. J. Bullock appeared for the people and Archer Kincaid for the woman.

Suit to Enforce Contract

George L. Woodford has commenced a suit in the superior court against Marion Thrasher to compel the latter to transfer to plaintiff certain property at Colma. On July 15th 1908 in Oakland plaintiff and defendant entered into a written agreement whereby Thrasher agreed to convey block 41 in the Villa Homestead Addition to Colma to the plaintiff, the latter stipulating to convey 54 acres of land in Butte county to defendant. On July 23rd Woodford tendered a deed to his property, but defendant refused to execute a deed to his property to plaintiff. Woodford demands judgment and that defendant be compelled to convey plaintiff said premises. He also asks for cost of suit.

Action Against Supervisors

Rainey and Phillips have employed Archer Kincaid to bring suit against the board of supervisors for awarding the contract for the stone work to the Colusa Sand Stone Company who were not the lowest bidders. The suit is brought to review the action of the board on the ground that it exceeded its authority in awarding the contract The firm will seek to set aside the action of the supervisors and have the contract awarded to them. It was rumored yesterday that the Builders Association of San Francisco was behind the contractors in the suit.

Plaintiff resides at San Mateo The custody of the child was awarded to the

CHAPTER 4. An act to amend section five of the act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors, and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, relating to the redemption of such bonds and creating a sinking fund for such purpose, and adding a new section to said act to be numbered section 10½, relating to the publication of said act, and providing for the payment of the cost of publication of the same.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin extending the area of India basin on the water front of the city and county of San Francisco, as provided in an act entitled "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin and extending to Islais creek in the city and county of San Francisco, and extending their jurisdiction over the same; and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, and all acts amendatory thereof, there shall annually be paid into the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose, a sum sufficient to pay the interest upon said bonds as the same shall become due and payable, and a sum sufficient to pay the principal of said bonds as the same shall mature, and the state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinbefore stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of such bonds outstanding shall pay and redeem said matured outstanding bonds, out of said moneys in said fund, controller's warrants duly drawn for that purpose."—Amendment approved November 23, A. D. 1907.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially, and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the principal of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. CHAPTER 4. An act to amend section five of the act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors, and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, relating to the redemption of such bonds and creating a sinking fund for such purpose, and adding a new section to said act to be numbered section 10½, relating to the publication of said act, and providing for the payment of the cost of publication of the same.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin extending the area of India basin on the water front of the city and county of San Francisco, as provided in an act entitled "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin and extending to Islais creek in the city and county of San Francisco, and extending their jurisdiction over the same; and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, and all acts amendatory thereof, there shall annually be paid into the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose, a sum sufficient to pay the interest upon said bonds as the same shall become due and payable, and a sum sufficient to pay the principal of said bonds as the same shall mature, and the state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinbefore stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of such bonds outstanding shall pay and redeem said matured outstanding bonds, out of said moneys in said fund, controller's warrants duly drawn for that purpose."—Amendment approved November 23, A. D. 1907.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially, and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the principal of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.
